STUDENT APPRENTICESHIP PROGRAM

21ST ANNUAL

MAPPER'S DELIGHT

WITH RAP RESEARCH LAB

This program is for
New Haven Public High School
students from New Haven:

- 20 New Haven teens will work with lead artist Tahir Hemphill to develop tools to empower them in discussions of how technology is used at the intersection of popular culture and the criminal justice system.
- Teens will learn to create art using virtual reality (VR) technology.
- Participants will consider 21st century intersections of race and technology, artificial intelligence (AI), community data projects, and hands-on experience exploring culturally relevant Big Data.
- Hemphill and the students will design, present, and moderate community data events that introduce New Haven residents to this cultural and technical landscape.
- Get paid \$250 to develop your artistry! Students will be selected BY LOTTERY, a minimum of two students from every public high school. Just let us know you're interested!

**Deadline to submit
